

The Zufall and Leinders-Zufall Labs Offer Several Predoctoral and Postdoctoral Positions

We use state-of-the-art technology to work at the molecular, cellular, or systems levels to investigate Mammalian Neuronal Signaling Mechanisms.

We seek individuals with a strong interest in the Chemosenses and/or the Neuroendocrine Control of Behavioral Function and their Underlying Neural Circuits.

Our brand new Center for Integrative Physiology and Molecular Medicine offers a stimulating environment with highly interactive, well-funded research groups.

If you are interested, please contact us or send your application to Frank Zufall (frank.zufall@uks.eu) or Trese Leinders-Zufall (trese.leinders@uks.eu).
